WILDLIFE PHOTOGRAPHY WORKSHOP GUIDED HIKING TOURS

9:00 A.M.

10:30 A.M. NOON 1:30 P.M.

The Little Pine Island Wetland Restoration and Mitigation Bank is a public/private partnership between the State of Florida and Mariner Properties Development, Inc. Located within the Charlotte Harbor National Estuary and Matlacha Pass Aquatic Preserve, Little Pine Island is a unique 4,700 acre wetland ecosystem. The restoration at Little Pine Island is re-establishing native wetland plants by removing exotic plant species and re-flooding the historic wetlands.
